**DESIGN
CELEBRATION**

Il progetto H 1:5 celebra
i più importanti architetti
del razionalismo comasco
degli anni '20/'30
attraverso oggetti
in dimensioni reali
e miniature in scala che
riproducono fedelmente
le tecniche di costruzione,
i materiali e le scelte di
colore dei pezzi originali.
Un tributo al design italiano
che, a partire da
Giuseppe Terragni,
celebrerà l'eccellenza
dei maestri che
hanno fatto la storia,
esaltando l'amore
per lo stile e per la cultura
del bello senza tempo.
